District and School Report Cards

The Elementary and Secondary Education Act of 1965 (ESEA), as amended by the Every Student Succeeds Act (ESSA), requires that a Local Educational Agency prepare and disseminate an annual Local Educational Agency report card and provide information on state, local, and school performance and progress in an understandable and uniform format.

District and School grades provide an easily understandable way to measure the performance of a school. Parents and the public can use grades and their components to understand how well each district and/ or school is serving its students. District and school grades for the 2023-2024 school year serve as an Informational Baseline using the new assessment cut scores. Use the links provided below to view either the 2023-2024 Brevard School District Report Card or Palm Bay Academy School Report Card. If you would like a printed copy or need translation assistance please notify the front office.

WE WILL UPDATE THE LINK ONCE OUR NEW GRADE IS REFLECTED ON THE FLDOE SITE.
